

ES FINESTRA WINNER  
OF GOLDEN COMPASS  
AWARD 2014

The background of the entire page is a light blue architectural sketch. It depicts a building with a prominent, large, rectangular window. The sketch uses various line weights and textures, with some areas appearing more detailed than others. The overall style is artistic and conceptual.

### LIFT AND SLIDE

Per arrivare primi non serve correre. Basta scorrere. Con Alza e Scorri Essenza raggiunge infiniti traguardi: grazia, semplicità, bellezza e perfezione. Il profilo si compare dietro a una distesa di trasparenza, grazie alle ante frameless sia sul lato interno che esterno.

*To come first, you do not need to run. Just slide. With Lift and Slide, ES Finestra reaches amazing goals: elegance, minimalism, beauty and perfection. The profile disappears behind a wide transparency, thanks to the frameless doors on both the internal and external side.*

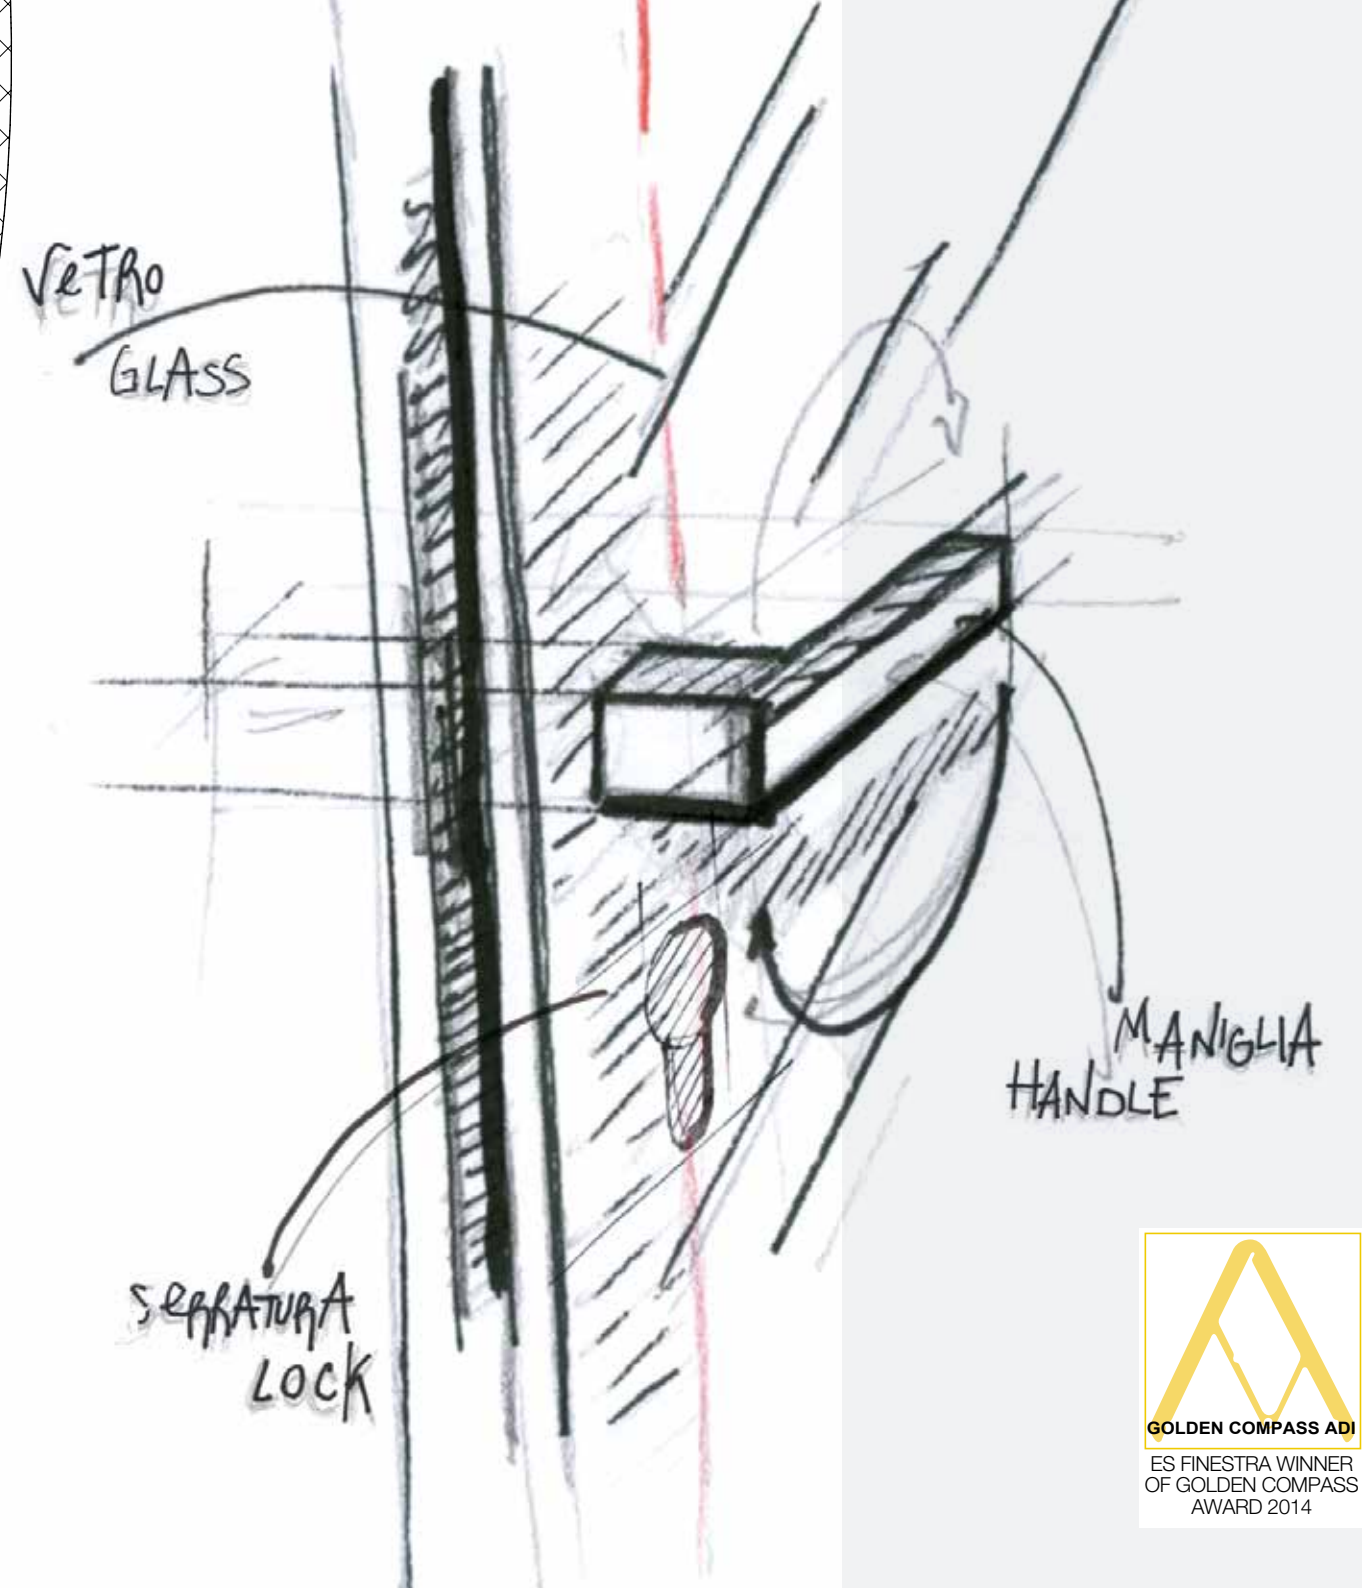

# UNIQUE details

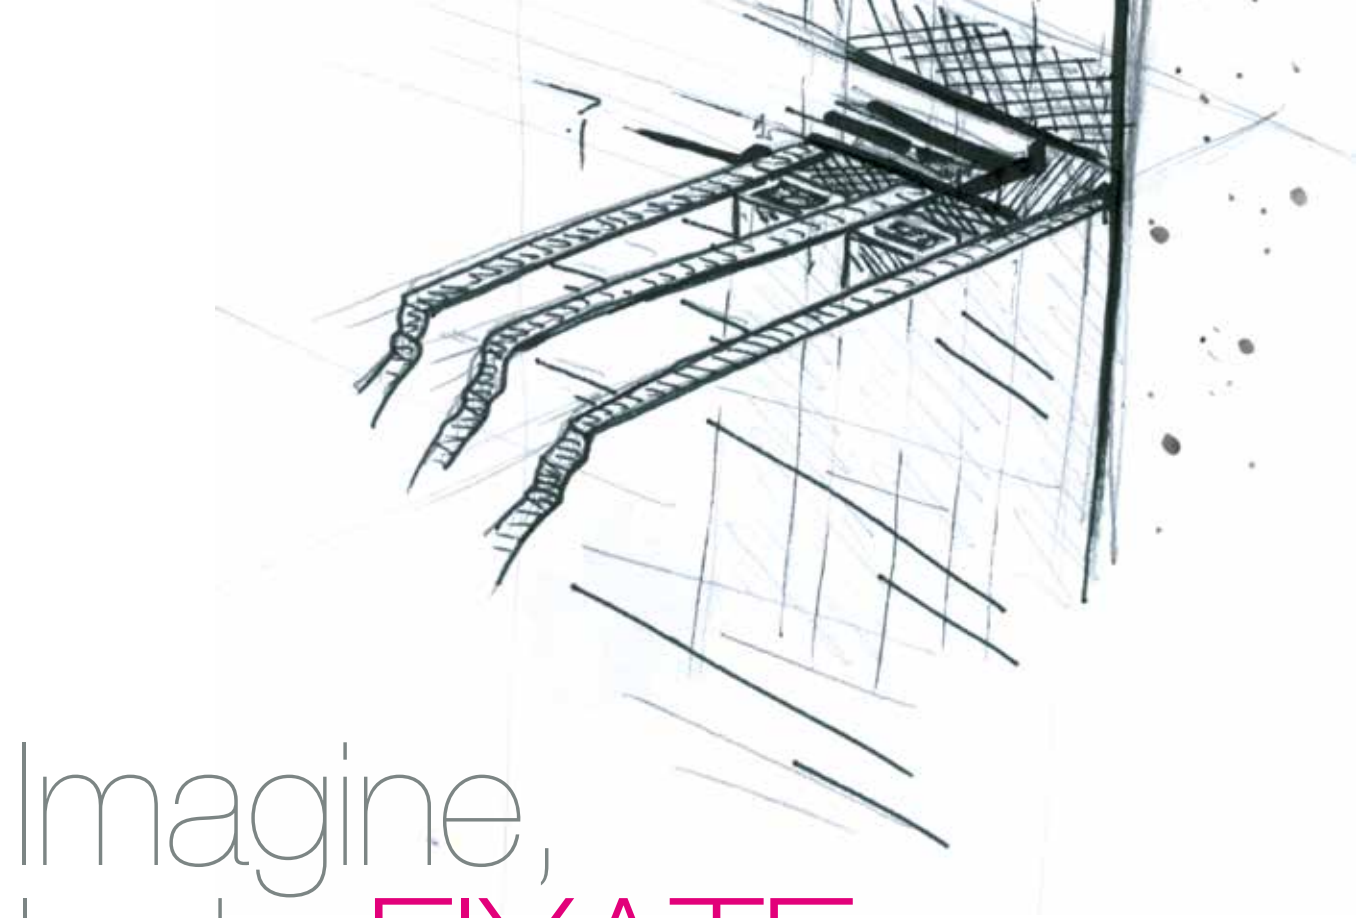

## SIDE HUNG WINDOW

Nella finestra a battente i particolari fanno la differenza: non esiste più la placca sul vetro. E per un dettaglio che se ne va, un altro si aggiunge: la nuovissima serratura permette, per la prima volta, di chiudere la portafinestra.

*On side-hung windows the details make the difference: there is no longer a plate on the glass. And for one detail that goes away, another one is added: the new brand lock, for the first time, enables locking French windows.*

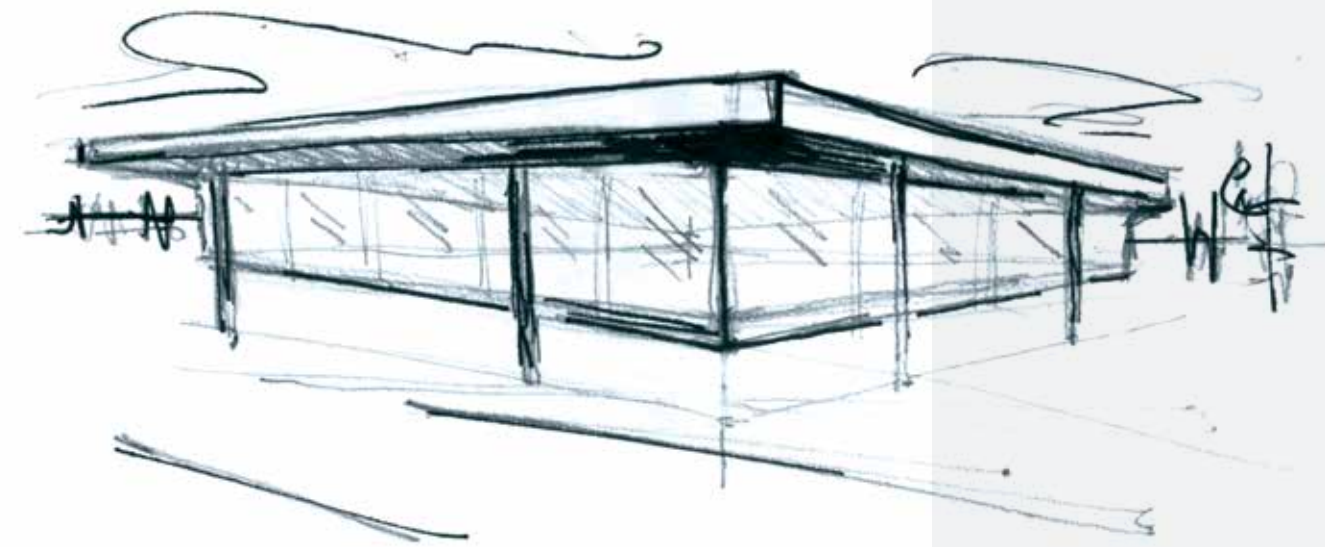

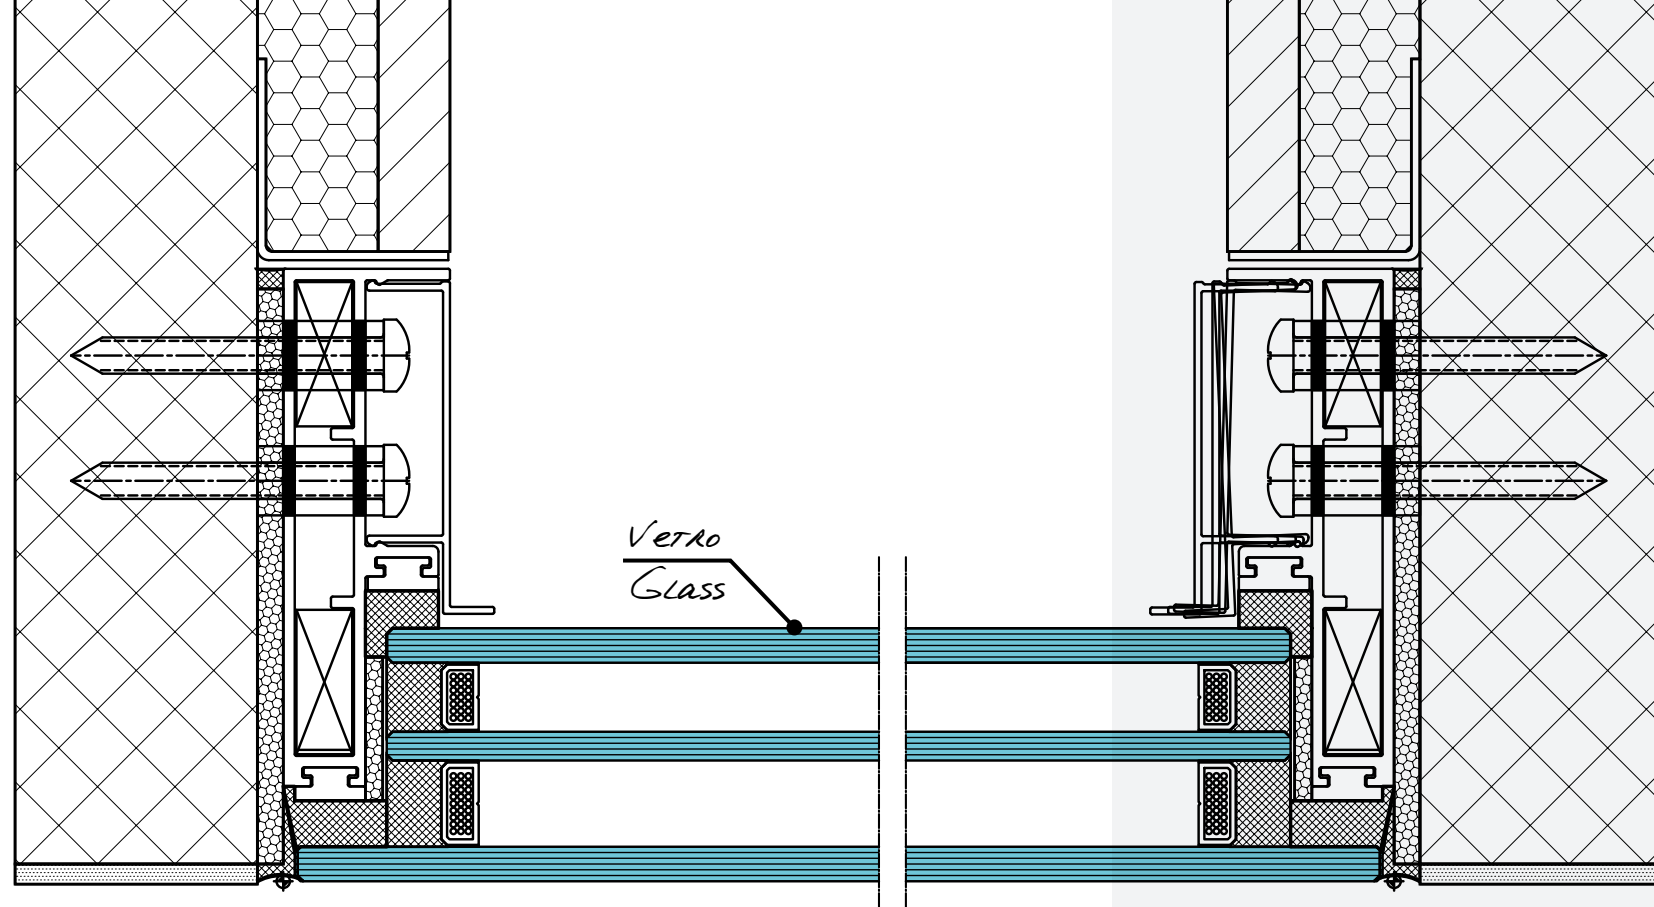

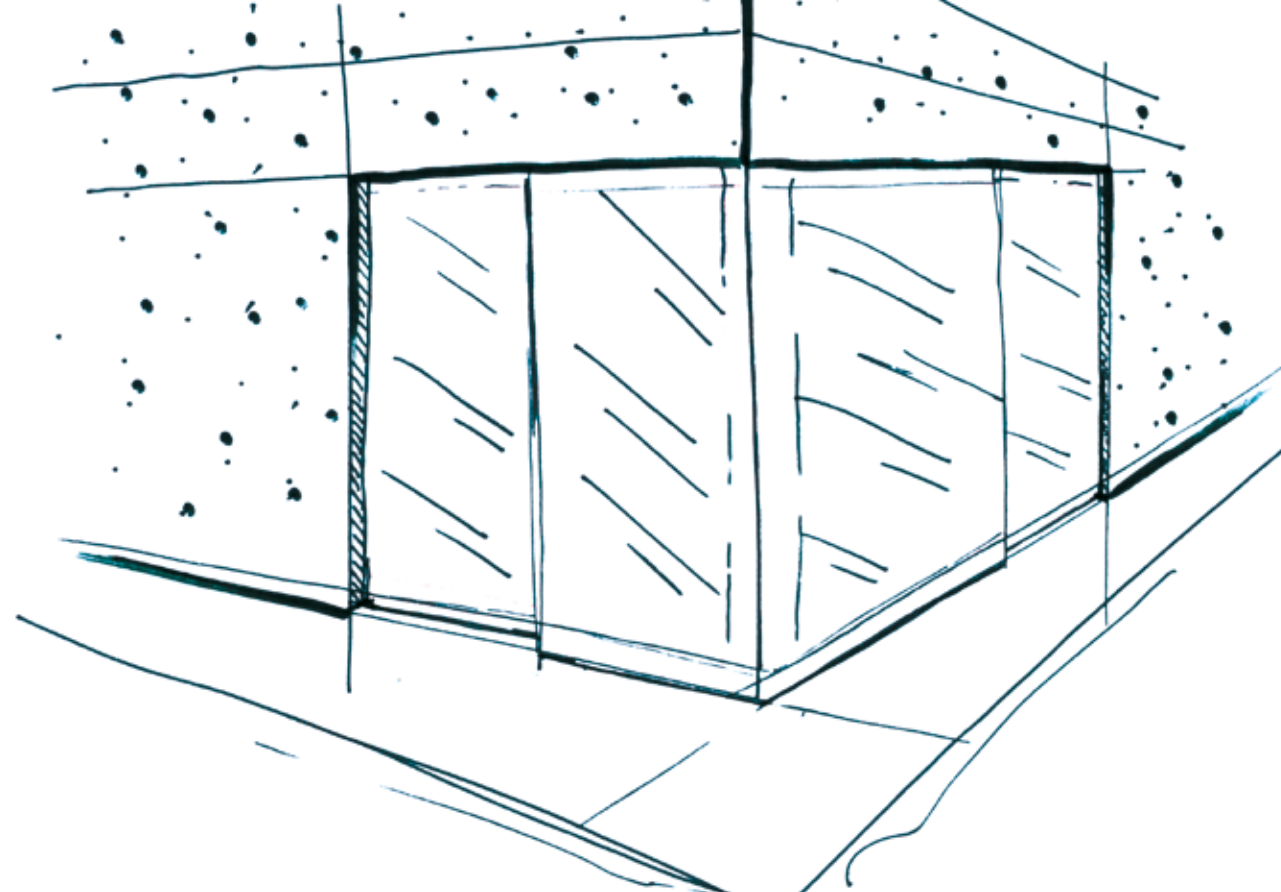

Imagine,  
look, **FIXATE**...

## **FIXED PROFILE**

Qui gli elementi sembrano dissolversi. I fissaggi si perdono dietro ad un profilo sapientemente studiato, mentre il telaio viene stemperato da un mare di trasparenza. Lasciate che lo sguardo si allontani dalla riva e nuoti al largo.

*Here the elements seem to melt away. The fasteners are lost behind a skilfully designed profile, while the frame melts away into a sea of transparency. Let your gaze leave the shore and swim off into the distance.*

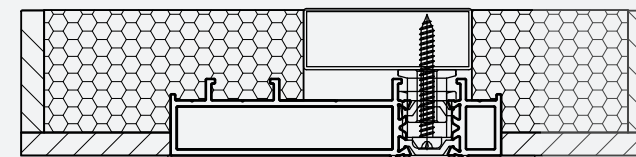

# Extraordinary **VIEW**

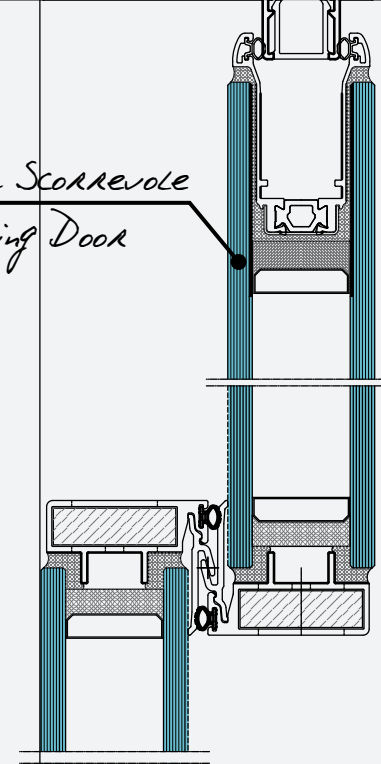

## **CORNER WINDOW**

Due ante scorrevoli si incontrano, bucando lo spazio interno e dando vita a una straordinaria panoramica sul mondo. È qui che convergono design, innovazione ed eccellenti prestazioni, in un'esplosione di vetro.

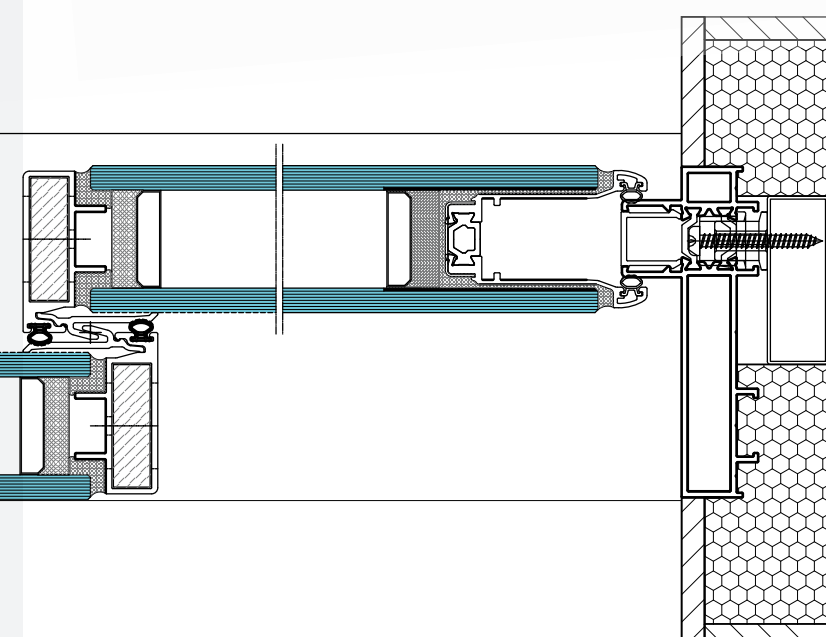

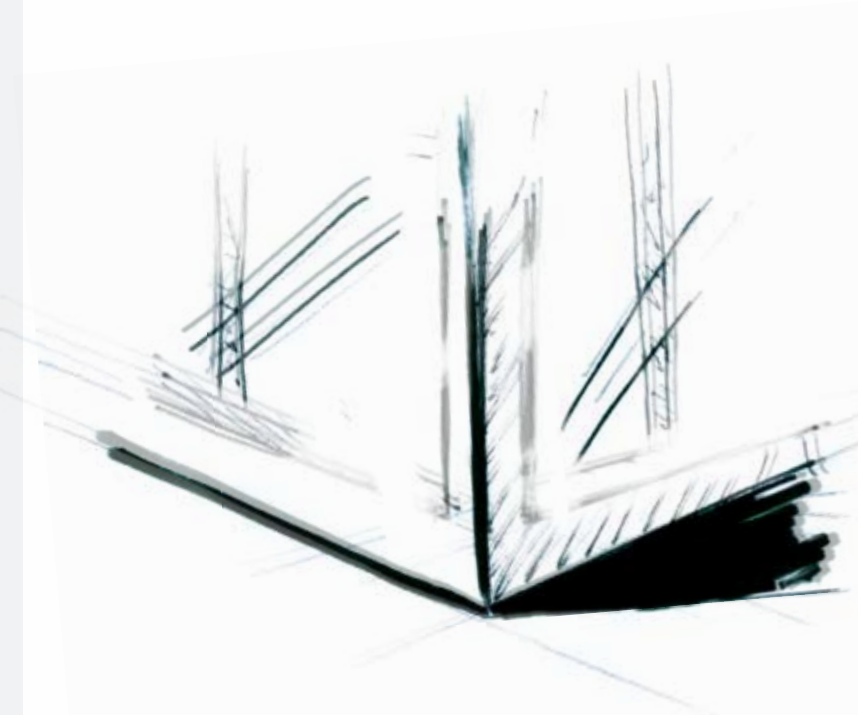

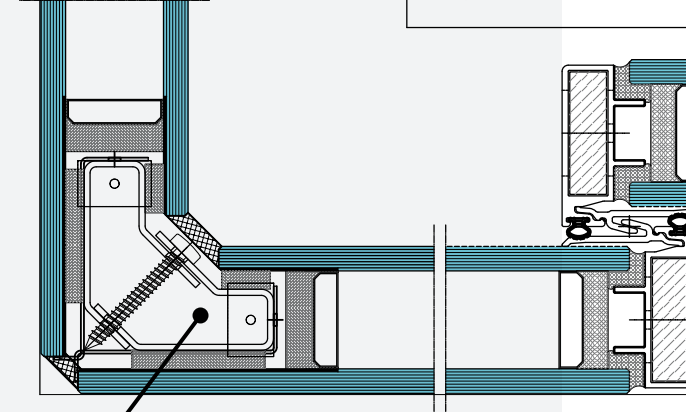

*Two sliding sashes meet, piercing the interior space and bringing to life an extraordinary view of the world. This is where design, innovation and high performance converge, in an explosion of glass.*

## RETRACTABLE WINDOW

Le convenzioni architettoniche vengono abbattute, l'anta Essenza scorre nel muro, grazie ad un telaio completamente incassato. Nuovi confini, fatti di vetro, vengono tracciati. È in atto una grande rivoluzione.

*Architectural conventions are torn down, the ES Finestra sash slides into the wall, thanks to a completely flush-mounted frame. New bounds, made of glass, are marked. A great revolution is coming.*
